

ESTEEM Academic Journal is an official academic publication of UNIVERSITI TEKNOLOGI MARA (UiTM) Pulau Pinang.

ESTEEM provides an avenue for academicians and researchers to contribute and share their vast knowledge, ideas and opinions. This journal, which publishes original articles based on a broad general area, serves as a platform for scholars to disseminate information and latest findings on innovation in science and technology. Thus, ESTEEM welcomes unpublished academic manuscripts that contribute to the advancement of knowledge in engineering, science & technology. In order to maintain the quality of this journal, its editorial board has adopted an established policy of blind review process consisting of at least two peer reviewers per manuscript.

ESTEEM started its first print in year 2003 and has been published semi-annually since 2008. Previously, the first issue is focused on the field of engineering, science and technology, which make it appearance in June. The second issue, which is published around December, consists of collection of manuscripts related to the field of social sciences. In certain occasions, special issues are published around the month of March and September. Starting for the year 2017, ESTEEM will be split into; ESTEEM Academic Journal will focus on Science and Technology with the theme is *Innovation in Science and Technology* ;and [ESTEEM Journal of Social Sciences and Humanities](#) (EJSSH) will focus on social sciences issues.
