

Aims

ESTEEM Academic Journal is an official academic publication of UNIVERSITI TEKNOLOGI MARA (UiTM) Pulau Pinang. ESTEEM provides an avenue for academicians and researchers to contribute and share their vast knowledge, ideas and opinions. This journal, which publishes original articles based on a broad general area, serves as a platform for scholars to disseminate information and latest findings on innovation in science and technology. Thus, ESTEEM welcomes unpublished academic manuscripts that contribute to the advancement of knowledge in engineering, science & technology. In order to maintain the quality of this journal, its editorial board has adopted an established policy of double blind review process consisting of at least two peer reviewers per manuscript.

Scope

We invite contributions from a broad range of disciplines related on innovation in science and technology based on original research works. The journal welcomes various types of submissions—including theoretical, numerical, simulation-based, experimental studies, or their combinations—that address new developments in science and technology that covers areas and disciplines as follows:

- **Engineering**
- **Computer and Information Sciences**
- **Applied Sciences**
- **Application in Mathematics and Statistics**
- **Health and Medical Sciences**

The journal is published **TWICE** a year.

Indexing

ESTEEM Academic Journal is an open-access peer-reviewed journal with an e-ISSN of 2289-4934 (indexed by **MyJurnal**, **MyCITE** and **Google Scholar**).

Article Processing Charge

ESTEEM Academic Journal does not charge any Article Processing Charges (APCs). All accepted articles are published free of charge. The journal covers all costs associated with peer review, editorial management, and professional production of articles in PDF and other formats. There are no fees for submission, article length, figures, supplementary data, or for articles that are not accepted.
